LET'S FIGURE IT OUT AND SEE

How much would you charge to go to the grocer's or the provision dealer's?

How much would you give, on a stormy day, to be able to visit a distant friend?

How much would it be worth, in case your child were taken suddenly ill at night, to be able to summon the doctor at once, and, perhaps, by special instructions from him by wire, to be able to give temporary relief pending his arrival or even to save its life?

The expense of a telephone is not figured by what it costs for a whole year, but by how much it saves each time it is used. Therefore, with all these things in mind, ask yourself-

Can I Afford to be without a Telephone?

If you need further details as to cost, ask our Local Office to send a Contract Agent to see you
